General Comments:	Ms. Rust was a definite asset to our classroom. Her cheerful upbeat nature allowed her to participate in positive interactions with the children and build meaningful relationships with them. Ms. Rust has an excellent understanding of preschool behavior and development. She planned and executed multiple successful learning activities. It was apparent that her activities were well planned and 'thought out'. I gained new ideas from Michaela that I will be incorporating into my classroom. She is well prepared to be an effective and pleasant teacher.
